Data Security Compatibility

When dealing with data there are no excuses for skipping any of the Security measures whether it be a worldwide known mandateora domesticregulation.InBilingualTechswebelievethatwhenitcomes tosecurity –everysinglestepthatcustomersaregoingthrough matters.Nowadaysdigitalsecurityisamustandeverythingplacedon yourwebsitemustensurecompletesafety.

Data Security Compatibility

We are proud to comply with such a vital security standards and regulation as:

- GDPR (General Data Protection Regulation) -is a legal security standard that sets guidelines for accumulation and processing of personal information of individuals within the European Union as well as it directs the export of personal data outside the European Union.
- NTRA (National Telecom Regulatory Authority) -national Egyptian authority competent to regulate and administer the telecommunications sector, aims to enhance and deploy services in compliance with the most advanced technologies.
- National Security –is a legal authority of Egypt that is ensuring all the software to be approved by the Egyptian Homeland Security that guarantees safe and reliable access.
